Investor Relations 2025

Business Areas

Total Digital Line-up deployment from diagnosis to prosthesis

Reflect on the latest trends based on **digital technology**

● bright implant

● Digital Guide SW

Expanding the market with Digital Dentistry Solutions other than implant

● bright CT

Excellent price competitiveness through self-development of detector

High Resolution

Cephalometric S/W

CBCT + Panorama + Cephalo 3 in 1 system

Implant simulation function

Orthodontic diagnosis & analysis function

Enhance Chair-side system

● Chair-side system

● bright Alone

Securing the competitiveness of implant with high technology & quality

1 | Technology

Developed the first surface treatment technology in Korea (S.L.A Surface)

2 | R&D

A sole domestic solution provider with 20yr proven clinical data

Trust-building by providing long-term clinical data

3 | Price

Value Segment
Upper Price

Upper Price Positioning within Value Segment in overseas market

Sustainable growth prospects through **internalization of source technology****1** | Technology**Securing source technology
through self-development**

- Panorama + CBCT + Cephalo 3 in 1
- **Wide FOV** for orthodontic treatment
- Low Dose, High Resolution

2 | R&D**Conduct government research project**

Using the 3D printer, **New implant
system development**

3 | Price**Cost reduction through self-development**

Detector self-development
& Mass production
